# PRODUCT FEATURES

## Technical features

- Leading intelligent drying system, 10-inch full-color high-definition touch screen, can store 99 editable automatic programs, which can be selected according to different clothes and linens.
- The inner drum is made of imported stainless steel, the electrical components are all imported, the converter is Mitsubishi, all contactors are Schneider, and all wires, plug-ins, bearings, etc. are imported.
- The loading capacity is designed according to 1:18, which allows for large loading capacity, fast speed, large door, convenient entry and exit of clothes, and easy operation and maintenance.
- The humidity control technology can accurately control the humidity of linen, avoid over-drying of clothes and cause damage to clothes, and also reduce drying energy.
- The electric heating one adopts PID control technology to accurately control the inlet air temperature, exhaust air temperature and inner cylinder temperature.
- High-power heating design, and an insulation layer on the outer cylinder, the temperature rises quickly, the temperature insulation effect is good, and the efficiency is higher.
- There are steam heating and electric heating methods to choose.

## Technique parameters

Model No	SDR-2025	SDR-2040
Drum diameter (mm)	850	1080
Drum depth (mm)	800	875
Capacity(L)	453	800
Volume load ratio	18	20
Main motor power(KW)	0.75	1.5
Air motor power(KW)	0.55	1.5
Heating method	Electrical heating /Steam heating	Steam heating
Voltage (v)	380	380
Heating power(KW)	18	36
Steam pressure (MPa)	0.6	0.6
Width(mm)	890	1250
Depth(mm)	1300	1500
Height(mm)	1805	1900
Weight(KG)	500	1000

Jiangsu Chuandao Washing Machinery Technology Co., Ltd.

Address: No.388 Xinggang Road, Chongchuan District, Nantong City, 226000, Jiangsu Province, China.

Tel:+86-(0)513-85663399

Fax:+86-(0)513-85663366

Shanghai Chuandao Aimei Machinery Equipment Co.,Ltd.

No.516 Tengfu Road, Baihe Town, Qingpu District, Shanghai City, China

Tel:+86-(0)21-39821778

Fax:+86-(0)21-39821005

Kunshan Chuandao Washing Machinery Co.,Ltd.

No.18 Xiangyun Road, Dianshanhu Town, Kunshan City, China

Tel:+86-(0)512-83663888

Fax:+86-(0)512-83663000

60、100kg  
**Kingstar Industrial Dryer**

# PRODUCT FEATURES

## Technical features

- Leading intelligent drying system, 10-inch full-color high-definition touch screen, can store 99 editable automatic programs, which can be selected according to different clothes and linens.
- The inner drum is made of imported stainless steel, the electrical components are all imported, the converter is Inovance, all contactors are French Schneider, and all wires, plug-ins, bearings, etc. are all imported.
- The door diameter reaches 1 meter, saving effort and time when loading and unloading linens.
- The linen washed by a 100kg washer extractor can be directly loaded into the dryer. With a steam pressure of more than 5kg, they can be dried within 40 minutes, efficient and fast.
- The humidity control technology can accurately control the humidity of linen, avoid over-drying of clothes and cause damage to clothes, and also reduce drying energy.
- Intelligent control of drying time will not cause over-drying and hardening of linens. It can accurately judge the drying time and save energy more intelligently.

## Technical Parameters

Model No	SDR-2060	SDR-2100
Drum diameter (mm)	1260	1460
Drum depth (mm)	980	1200
Capacity(L)	1220	2000
Volume load ratio	20	20
Main motor power(KW)	1.5	2.2
Air motor power(KW)	3	5.5
Heating method	steam heating	steam heating
Voltage (v)	380	380
Steam pressure(MPa)	0.6	0.6
Width(mm)	1440	1638
Depth (mm)	1880	2100
Height(mm)	2150	2630
Weight (KG)	1500	2300
